**FLE Nantes** is a French association (law of 1901) established in 2016.

We offer **classes** of French as a Foreign Language (FFL), in small groups or individual, according to your level (A1 to C2), as well as **workshops, activities, tutoring...** and even more!

Our pedagogy focuses on **practice**, more specifically on developing **speaking skills**; our objective is to get our students to communicate easily in everyday life.

All elements needed to communicate and understand are gradually brought on, depending on our students' level. Activities and rhythm vary, to create a dynamic environment. Exercises and personal studying are offered so students can keep on learning and practicing at home.

Our teachers have a degree in FFL and several years of working experience. They are passionate about their work and their energy, creativity and openness benefit all their students.
